Professional Summary

Final-year Computer Science student with a solid foundation in Web Development, Java, and DSA. Skilled at building clean, intuitive, and responsive UIs with a keen eye for UI/UX design. Eager to contribute to impactful, real-world software solutions.

Education

B.E - Computer Science & Engineering
Atria Institute of Technology, Bengaluru
Year 4, Semester VII | **CGPA: 8.4**
Expected Graduation: May 2026

Technical Skills

- **Languages:** Java, C
- **Web Technologies:** HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, React.js, Vite
- **Tools & Technologies:** Git, GitHub, Figma, Canva, VS Code, Vercel

Certifications

- **Python Foundation Certification** – Infosys Springboard
- **Applied Generative AI Certification** – Infosys Springboard
- **TechA AWS Solution Architect Certification** – Infosys Springboard

Projects

- **Personal Portfolio Website**
  Tech Stack: React.js, JavaScript, HTML, CSS, Vite
  Built a fully responsive personal portfolio to showcase my projects, skills, and contact information. Implemented smooth scroll navigation, reusable React components, and deployed the site using Vercel.
